

Letter from Head Teacher

St Thomas Becket Catholic Primary is a successful school and its achievements are built on the strength of its community. The school is rated as 'Outstanding' by Ofsted.

We provide a rich and stimulating learning experience and emphasize the importance of forming individual relationships with every child.

Please do explore our school website as this is an excellent way for you to understand better our school ethos and what goes on in our school. Also do take the time to view the videos of our school which can be found on the admissions area of our website. These were made by the children to help parents understand better how our children feel to be a member of our wonderful school.

Currently we are unable to plan open mornings for prospective Reception parents in September 2021 due to the restrictions in place. As soon as the situation changes and allows us to invite visitors into school we will of course release dates for these open mornings.

In the meantime we would be happy to register your interest and collect your information using the form **Reception Admission Enquiries** (see link on admissions area of website). Please complete and return this form and we will be in contact as soon as the situation changes.

Please note that at present we intend to hold an admissions information evening for prospective Reception parents, in the school hall, on Thursday 22 October 2020-starting at 7.00pm.

Application forms are available on our website or should you have any queries the school office would be happy to help.

Mr Campbell

These are some of the comments from our last external inspection which took place in 2019

The curriculum is exceptionally well adapted to the needs of your children. Implementation is excellent and in almost all subjects is very well supported through the work of the management team at all levels. Overall, the quality of education is excellent'.

'Teaching, learning and assessment overall and in almost every classroom are outstanding. Work is very well matched to the needs of pupils. The degree to which the needs of individual pupils are known, planned for and delivered is exemplary. All staff regard each pupil as an individual and work hard to meet their needs'.

'Learning and pupil progress are outstanding in all phases in the school. In each stage in the school the proportion of pupils working at and above expected standards is significantly above the national averages. This is reflected in pupil progress, although the progress judgement in KS2 is limited by the very high standards pupils achieve in KS1. Phonics outcomes are excellent. The progress made by disadvantaged pupils and the standards they reach are exemplary'.
