

Year 1 Learning for week beginning 20th June 2022

Dear parents and carers,

Trip to the Horniman Museum We will be visiting the Horniman Museum on July 11th. If you are available to help with the trip, please return the attached slip as soon as possible. This trip will be for the whole school day. We will send home further details of the trip shortly.

This half term we have a new big question based on geography.

What would the Go Jettors think about the place where we live?

R.E. The children will learn more about how people who follow the Islamic religion live and what they believe.

SRE Please see the letter sent via text last week.

Geography The children will learn about the main features of the local area.

English The children will learn to use capital letters for proper nouns. Their writing will focus on information about the local area, linking with the geography topic.

Maths This week in Maths the children will learn how to 'find the difference' between two numbers. This is linked to subtraction. They will develop the language of 'How many more?' and 'How many fewer?'

Please continue to practise the Learn Its with your children, focusing on instant recall.

$$9+9=18$$

$$8+8=16$$

$$7+7=14$$

$$6+6=12$$

READING Please continue to read with your children and write in their reading record. Practice the speed sounds, green and red words in addition to answering the comprehension questions at the end of the book.

The year 1 team 😊

I am available to help with the trip to the Horniman Museum on Monday 11th July.
