

We love our toys! (To the tune of “This is the day”)

We love our toys, we love our toys
And we love to play, yes we love to play.
We love our toys, we love our toys
And we love to play every single day.
*Lego to build and cars to race,
Robots and dolls all over the place!*
We love our toys, we love our toys
And we love to play.

We love our toys, we love our toys
And we love to play, yes we love to play.
We love our toys, we love our toys
And we love to play every single day.
*Footballs to kick and bounce and throw,
Play-doh to squash and balloons to blow!*
We love our toys, we love our toys
And we love to play.

We love our toys, we love our toys
And we love to play, yes we love to play.
We love our toys, we love our toys
And we love to play every single day.
*Dolls to dress up and marbles to roll,
Jump into bed with a teddy to hold!*
We love our toys, we love our toys
And we love to play.
