

## Vocabulary Building and Word Finding

### Online Workshop

The Croydon Speech and Language Therapy Primary team are providing a range of online workshops for all staff working with children in Croydon schools.

In this workshop, we will learn about the way that words, concepts and 'schemas' of information are learned and represented in the brain.

We will think about how to maximize and optimize word-learning opportunities in the classroom. This will include 'whole-class' approaches, as well as strategies and activities that can help vocab development in individual children with specific difficulties in this area.

Third-party resources and approaches that are intended to support vocabulary development will also be detailed and reviewed.

The workshop will last around 50 minutes. If you would like to attend, please take a look at the schedule of workshops below, and get in contact with SALT Admin at Sanderstead to book on to a session, by emailing [ch-tr.sltcroydonchildren@nhs.net](mailto:ch-tr.sltcroydonchildren@nhs.net) with name of staff member, school, child's name/DOB and email address of attendee if different.
