

Year 2 Newsletter – 9th June 2023

Dear Parents,

As the weather begins to get a lot warmer, please remember to ensure your child has a school sun hat, water bottle and sun cream applied before they arrive.

We are aware that the reading books are not being consistently changed. Please be assured that all children are being read with during the week but as we are currently in our key assessment phase, we have not been able to change the home reading books.

Children do have access to levelled books via Bug Club which can be read in place of the book in the bag. We will endeavour to change all books during this week and next week.

The Year 2 Team

Our learning next week:

RE – We are learning about the rules that Jesus gave us and how we can ensure we are following his guidance in our lives. We are discussing 'examining our conscience' in preparation for reconciliation.

Literacy – We are reading Lila and the Secret of the Rain and we will be retelling the story using vocabulary from the text. Please discuss the following words with your child to help them absorb the vocabulary:

awash scorching beaming deluge mountain ebony

Maths – We are revising past topics including fractions, partitioning, fact families and shapes.

Geography – We will be learning about Kenya including the location, physical features, capital, languages spoken and climate.

Spellings – Test Friday 16th June

Words with a suffix and common exception words
