17 December 2021

Dear Parents and Carers,

We are very excited to be holding our first virtual online safety meeting for all parents on **Thursday 20th January at 6pm**. We will be hosting this meeting using Google Meet and an access link will be sent to all parents via our text messaging service closer to the time. To access this meeting, you will need an up to date web browser such as Google Chrome, Microsoft Edge or Safari and access to the internet. You will not need to download any software or have a google account. Google Meet is an app which can be downloaded for free from the Apple store or Google Play but this is not necessary to join in with the meeting.

The meeting will cover the **current online safety issues** and trends facing our children at this time, where you can go for support and advice and how we support the children's understanding of online risk in our school. We will also be asking parents to send in any questions about online safety and we will produce a FAQ document which will be available on our website after the meeting. Your support with the development of your child's online safety understanding is vital and we very much hope to see many of you at this meeting.

Kind regards,

Miss Earl
Online safety Lead
