10th January 2022

Dear parent/carer,

IMPORTANT MESSAGE: Regrettably, the gas engineers have now confirmed that they will not be able to reconnect our gas supply today and have had to order parts to complete their repair. Engineers have advised that, until repairs are completed, we will have no operational boilers; therefore, we will have no heating, hot water, or functioning kitchens for meals (we managed to provide school hot lunches to children as normal today).

Consequently, we will not be able to open the school on Tuesday 11 January. I will contact parents tomorrow with an update on the works and, as soon as I can, provide a likely return date for children this week, but this is dependent on the repairs being completed. Further information will follow with information about contacting the school and remote learning.

Mr Campbell
