WE DID!

You said...

- You enjoy having the pinwheels, roast dinners on a Wednesday, fish fingers on a Friday, pizza and named all freshly baked desserts.
- You would like some pizzas to have less mozzarella cheese
- To try BBQ pulled chicken instead of BBQ pulled pork
- Like the new lunch plates but, would like some room left on the plate for the salad, bread and cutlery to go.
- Would like the salad to be topped up more with fresh carrots baton and cucumber slices.

MATTERS!**

We did...

- Ushane (chef) will put less cheese on the pizzas.
- Ushane will also make BBQ pulled chicken instead of pulled pork for 1 week (please let us know what you think).
- Top up the salad bar more often with the popular choices (please try our new salad and let us know what you enjoy for your 5 a day).
- Will be more careful with the biscuits in bags to ensure they don't break as easily.
